RE: ZAC membership

Dear Alderman Colon:

Logan Square Preservation would like to nominate Chris Brown to represent our organization on the ZAC committee. Ward Miller who has been a member in the past is very busy and feels he is unable to make the meetings on a regular basis.

Chris has been attending the meetings, although he is not an official member. He is enthusiastic and interested in the community and buildings, in particular, since he is a licensed building inspector.

Thank you for your continued support of our community and the preservation of its buildings and boulevards.

Respectfully submitted,
