

# GreenNet's 19<sup>th</sup> Annual Green and Growing Fair

Garfield Park Conservatory  
300 North Central Park Avenue, Chicago, IL  
April 30, 2011  
10 AM - 2 PM

## Landscape Maintenance Classroom Sessions

Presented by:

### Chicago Department of Transportation (CDOT) Streetscape and Sustainable Design Program

**10:15 AM - 11:00 AM: Session 1: Landscape Maintenance**

Find out more information and have a chance to question experts on basic plant care, recommended low maintenance/native plants and weed identification. Presenters will include Kevin Carroll from CDOT and Grace Koeher from Pizzo Associates.

**11:15 AM - 11:30 AM: Intro to GreenNet**

Find out more about the organization responsible for the Green and Growing Fair and how you can become involved.

**11:45 AM - 12:30 PM: Session 2: Getting Started through Community Involvement**

Community gardens and landscape improvements in the public way have to start somewhere. Find out how community members have gotten involved to improve their neighborhoods. Presenters will include Siobhan Gregory of the Sangamon Paseo Community Garden and Janet Attarian from CDOT.

**12:45 PM - 1:00 PM: Intro to GreenNet**

(Repeat) Find out more about the organization responsible for the Green and Growing Fair and how you can become involved.

**1:15 PM - 2:00 PM: Session 3: Sustainability/Live Green**

From composting to rain harvesting, there are many ways to utilize sustainable practices in the garden. Find out more about collecting stormwater, composting and other green methods. Presenters will include Dan Swick from the Chicago Department of Environment.

Session seating is limited. Please register ahead by calling Abby Bristow at 312-742-0318. There will be sign-up sheets at the conservatory entrance at the event until the sessions are full.
